### Selling Points:

- Fourth reference of The New Raemon in only two years, after the LP "A prop sito de Garfunkel" (BCore, 08), the 10-inch EP "La invasi n de los Ultracuerpos" (BCore, 08) and the LP "La dimensi n desconocida" (BCore, 09).

- Contains three covers: "Te debo un baile" by Nueva Vulcano, "M'agradaria ser un lemur" by Estanislau Verdet and "Que tinguem sort" by Llu s Llach, besides three new own tracks.

- Illustration is still by Martin Romero, and the band is still formed by Ricky Lavado and Ricky Falkner of Standstill, Pablo Garrido of Sanpedro and Marc Prats of Madee. Also collaborations by producer Santi Garcia and by Victor Garcia (drummer of The Unfinished Sympathy and Jeremy Enigk), and a duet of violins.

Ramon Rodriguez is achieving with each of his new and frequent releases, a place in the heart of many. If we were pleased by the freshness and light of his second album, "La dimensi n desconocida" (BCore, 09), this new release in the shape of a 12" EP will show us his darkest side. Three new songs amongst their best material and three covers for the B-Side. "La mesa redonda", "Cuaresma" and "Nemesis II" are new pieces of his own particular universe of delusion, frustration, personal redemption and deep self-consciousness. The three covers: "Te debo un baile" by his labelmates Nueva Vulcano (he had already covered "Mano izquierda" by them, in a true act of admiration), twisted into a moody waltz; "M'agradaria ser un lemur" by catalan cult-songwriter Estanislau Verdet, and the naked version of another catalan classic like Llu s Llach and his "Que tinguem sort", recorded by Ramon himself in his room, with almost no production and a beautiful minimalism. All of these songs conform the perfect appendix to "La dimensi n desconocida", as his previous 10-inch EP "La invasi n de los Ultracuerpos" did to his debut "A prop sito de Garfunkel" (BCore, 08). Beautiful melodies and classy arrangements and amongst all, precious lyrics, direct, sincere, transparent and smart.

As in his previous efforts, the illustrations by Martin Romero give this magical fantasy touch to his music, while the musical team, formed by producers Santi Garcia and Ricky Falkner and performers Ricky Lavado (Standstill) on drums, Victor Garcia (The Unfinished Sympathy, Jeremy Enigk) also on drums, Ricky Falkner (Standstill) on bass, Pablo Garrido (Sanpedro) on the electric guitar, Marc Prats (Madee) on keyboards and a duo of violins complete the perfect line-up for his amazing songs.
